Issue 34

Friday 23rd June 2017

A huge thank you to everyone who was able to come and support the children during our Sports Days this week—your support and encouragement created a wonderful atmosphere for our athletes. It was also the first event we held on our new sports field which added to the occasion.

The final results were:	Key Stage 1	HOUSE	POINTS	Key Stage 2	HOUSE	POINTS
		WATER	13,300		FIRE	14,700

Well done Water and Fire!

I would like to say a particular thank you to Mrs van der Wal and Elliott, Heidi, Layla and Grace from Year 6 who were out on the field very early each morning preparing for the event.

It also means a lot to all members of staff to hear such positive feedback from the spectators, all of which I was able to share with the team.

Lego cards were a very popular Craze of the Week with much swapping going on to find those elusive cards needed to finish collections. I am aware that many of the children have yet to complete their albums but, due to the generosity of one of our families, the school has almost 3,000 Lego cards available for those children who require them.

Our Year 6 children have opened and categorised 720 packets of cards and if you send your 'wanted list', with them clearly marked with your child's name and class, they will put those we have available into an envelope and send them home. Please keep the requests to only those cards which are actually required so that we can complete as many albums as possible.

Mr Green, Headteacher

## Cyberbullying

Parents can help stop cyberbullying. You can start by talking to your child about the issue and teaching them the rules below that will help prevent cyberbullying from happening to them or someone they know.

### What Children Need to Know:

- Never give out personal information online, whether in instant message profiles, chat rooms, blogs, or personal websites.
- Never tell anyone but your parents your password, even friends.
- If someone sends a mean or threatening message, don't respond. Save it or print it out and show it to an adult.
- Never open emails from someone you don't know.
- Don't put anything online that you wouldn't want your classmates to see, even in email.
- Don't send messages when you're angry. Before clicking "send," ask yourself how you would feel if received the message.
- Help children who are bullied online by not joining in and showing bullying messages to an adult.
- Always be as polite online as you are in person.

Since most cyberbullying takes place at home, it's important that parents know about cyberbullying and that they get involved in preventing it. Just like parents help their children avoid inappropriate websites, they can protect them from cyberbullying.

### What Parents Can Do:

- Keep your home computer in a busy area of your house.
- Set up email and chat accounts with your child. Make sure that you know their screen names and passwords and that they don't include any personal information in their online profiles.
- Regularly go over their instant messenger "buddy list" with them. Ask who each person is and how your child knows him or her.
- Discuss cyberbullying with your child and ask if they have ever experienced it or seen it happen to someone.
- Tell your child that you won't blame them if they are cyberbullied. Emphasize that you won't take away their computer privileges - this is the main reason children don't tell adults when they are cyberbullied.
