Dear Parents/Carers

Geography Enrichment Day 2 – 'Who do you think you are?' – Friday 2nd February 2018

On Friday 2nd February, we will be enjoying our second Geography Enrichment Day here at Sandgate Primary School. Our focus for the day will be, 'Who do you think you are?'.

As you will be aware, we have recently set a home learning project for the whole school in preparation for the day. Children have been asked to research their own family history, including: family trees; cultural backgrounds; family heritage and so on. They will be working closely with you and other family members to complete this.

For the day itself, we would love to invite parents into school to share their cultural and regional backgrounds with the children in their child's class. On a previous occasion (when we ran a similarly themed day), the kind of activities parents offered were: supporting their child to deliver a presentation (including use of a PowerPoint presentation); sharing foods that are traditional to their culture or region of origin; talking about different festivals or customs; or teaching a short foreign language lesson. It worked especially well when parents and their child collaborated to present together. The ideal length that we suggest for this is half an hour.

We welcome visits from parents, guardians or grandparents. You will, of course, be fully supported and accompanied by the class teacher. We all fully value what you have to offer, and your contributions are what will help to make this day memorable and successful.

If you are interested in becoming involved, please return the form below to the school office **by Friday 26th January**. If you have any questions, class teachers will be more than happy to answer these for you.

Yours sincerely

Mrs Helen Thompson
