

VIDEO GUIDANCE

Entries for the 'Best Video' can be from home or in school.

Please send your entries for the 'Best Video' category to sgo@shepwaysportstrust.org by attaching it to the email alongside your entry form(s).

****By emailing the video you are agreeing that the image can be used as described in the 'Consent' tab on the entry form (Excel spreadsheet). ****

When filming your video entry please ensure the following...

1. No personal information is in the background e.g. post with address on, house number, road name, family surname etc.
2. You have enough space and the surface is suitable for the challenge e.g. no speed jumps in socks on the kitchen floor in case of slipping and falling.
3. Only say one of the following information; first name, school name. Using your child's image and 2 other pieces of information can make them increasingly identifiable.
4. You do not state your surname.
5. The child's clothing is suitable for the physical activity.
6. Avoid filming images of camera angles that could be open to misinterpretation or misuse.
