

Dear Butterflies and Bumblebees,

## Wellbeing Competition

Use your imagination to create a poem, a piece of writing, a piece of art, a photograph about nature and how it helps you with your wellbeing. Hand it in to your teacher by Tuesday 8<sup>th</sup> June.  
**GOOD LUCK!**

Love Bobby and Bertie

Week beginning 24<sup>th</sup> May 2021

Dear Parents/Carers,

Hasn't this half term flown by! How is it that we are going into the summer term? The children are developing their independence and we can see them getting ready for the transition to Year 1. Thank you to all the parents that attended parents evening. We enjoyed sharing the children's achievements and next steps with you.

This week, the children have enjoyed writing their own facts about different dinosaurs and then creating a non-fiction dinosaur book with all their writing. We are sure that they will enjoy looking at this over the coming term. In Maths, they have amazed us with knowing one more and one less and two more and two less and then applying this to our arithmetic. On the back of this newsletter, we have included an example of what we do so you can discuss and share this with your child. It would be great if they could have a go at completing these questions over the holiday.

Dates for your diaries:

- **Monday 7<sup>th</sup> June:** Staff Development Day (No children in school)
- **Tuesday 8<sup>th</sup> June:** Start of Term 6

We are running low on junk modelling so any empty boxes and tubes would be great for making dinosaur models! Also any small bottle tops you have please (milk and pop bottles).

Just a reminder to ensure all items of clothing that come into school are clearly named, this includes hats. Also it is school policy for the children not to wear nail polish at school. If your child has their ears pierced please can they be removed or covered on a Friday as this will continue to be our PE day.

Please remember that if you have any queries or questions you can write us a note in the home school diary and we will find a time to get back to you.

Have a lovely half term and we look forward to seeing you in term 6 for our new topic on 'Animals'.

Mrs Brown, Mrs Uttley, Mrs Fawcett-Jones, Mrs Coates, Mrs Wade, Mrs Shrestha and Mrs B
