Beat the Teacher! KS2 PE—Term 2

Record your time and give it to your class teacher by 10/12/21. Challenge your teacher to have a go. Remember to stretch before you start. Challenge yourself to beat your time over the next few weeks.

The top scorers will then compete against each other to find a champion.

The Challenge:

How long can you hold the plank position for?

Rest your forearms on the floor and keep your back straight. Tighten your leg, stomach, glute and shoulder muscles. Lift from your hips, keeping your weight central - try to make a straight line with your body.

No equipment needed. You will need a big enough space so that you can do this safely.

Physical fact: Holding a plank works your muscles in your abdominals (core/tummy area), your shoulders and your back.

Fun fact: The world record for the longest-held plank is an UNBELIEVABLE 8 hours, 15 minutes and 15 seconds!
