Events & Competitions 2023

Get cooking!

Not just another cooking competition; it's a way to get children and young people to learn an essential life skill. There are three age categories and it's really simple to enter.

We're not looking for the next Master Chef we just want children and Young People across Kent and Medway to get cooking! This can be a class activity or quality fun time at home! Share with your schools and let's get Kent and Medway Cooking!

Get inspired!

We all know how important it is for children and young people to get involved in STEM but it's often just too hard to get them motivated. The Big and Little STEM challenge is the perfect way to inspire them. This doesn't need to be a huge project, it can be a class, individual or group project - yes even something you are doing as part of the curriculum.

Finalists are invited to participate in a Science Fair at the magnificent Discovery Park - home to some of the biggest names in science and technology in Kent.

Get active!

We have TWO Big Bike Rides planned for 2023 and it's the perfect way to have a great day out and raise money

for a charity or good cause of your choice - yes even your PTA! This isn't a race it's a challenge so even if you are new to cycling or just want to give it a go this is the event for you. There's no time limit so you can take as much time as you want - we want it to be fun!
