

Dear Ladybirds and Bumblebees,

This weekend, can you think about your maths learning this week and compare the length and height of objects around the house. Remember, length is how long something is, height is how tall. Maybe you could compare some toys, which ones are taller? Which ones are shorter? What about longest? Or shortest?

Love Lola and Buzz

Week beginning 16th January 2023

Dear Parents,

We have had another lovely week here in Foundation, as we have continued our learning about Superworm. We have worked through the 'Innovation' stage of our learning, where we changed the villain in the story. In Maths, we have focused on the numbers on a dice and the way in which they are arranged. The children have also looked at the length and height of objects and tried to compare them. This week, we have also been thinking about people that help us and the different occupations they have.

On Thursday, we had another exciting message from Sandgate Superhero and he tasked us with the very important job of making our own superhero capes! The children thoroughly enjoyed this activity and it was great to see their creativity shine through. Thank you very much for providing the t-shirts for this.

Thank you all for your support with the launch of our Marvellous Me app. We are starting to send out messages, badges and activities so please keep an eye out. If you still have the permission slip at home, please bring into school as soon as possible. Any questions just ask.

Reminders

Please ensure that you call the school office before 9am when your child is off school. Many thanks. Please could we ask that children have a water bottle with them every day.

Dates for your diary

Thursday 9th January – Book share

Friday 10th February – Last day of term 3

Please remember that if you have any queries or questions you can always catch us at the end of the day, or write us a note in the home school diary.
