6. Children's use of mobile and smart technology

'Behaviour in School: Advice for headteachers and school staff' 2022 states:

"Headteachers should decide if mobile phones can be used during the school day. Many pupils, especially as they get older, will have one of their own. Allowing access to mobiles in school introduces complexity and risks, including distraction, disruption, bullying and abuse, and can be a detriment to learning. Headteachers should consider restricting or prohibiting mobile phones to reduce these risks.

If headteachers decide not to impose any restrictions on mobile phones, they should have a clear plan to mitigate the risks of allowing access to phones. This plan, as part of the school's behaviour policy, should outline the approach to mobile phones and be reiterated to all pupils, staff and parents throughout the school year. Headteachers should ensure it is consistently and fairly applied."

- Children will be educated regarding the safe and appropriate use of mobile and smart technology, including mobile phones and personal devices, and will be made aware of behaviour expectations and consequences for policy breaches.
- Safe and appropriate use of mobile and smart technology will be taught to children as part of an embedded and progressive safeguarding education approach using age-appropriate sites and resources. Further information is contained within our child protection and relevant specific curriculum policies insert name of policies, for example, RSE and Computing.
- Mobile phones and/or personal devices will not be used on site by children/pupils/students.
- Sandgate Primary School expects children/pupils/students' personal devices and mobile phones to be kept safe and secure when on site. Phones are switched off and looked after by the class teacher in a locked cupboard. See separate Child Friendly Mobile Phone policy.
- If a child needs to contact their parents or carers whilst on site, they will be allowed to use an office phone.
- Where children mobile phones or personal devices are used when learning at home, this will be in accordance with our Acceptable Use Policy and/or Remote Learning AUP.
- Mobile phones and personal devices must not be taken into examinations. Children found in possession of a mobile phone or personal device which facilitates communication or internet access during an exam will be reported to the appropriate examining body. This may result in the withdrawal from either that examination or all examinations.

6.1 Screening, searching and confiscation of electronic devices

- Electronic devices, including mobile phones, can contain files or data which relate to an offence, or which may cause harm to another person. This includes, but is not limited to, indecent images of children, pornography, abusive messages, images or videos, or evidence relating to suspected criminal behaviour.

- Where there are any concerns regarding children use of mobile technology or policy breaches, they will be dealt with in accordance with our existing policies, including anti-bullying, child protection, online safety and behaviour.
- Staff may confiscate a child's mobile phone or device if they believe it is being used to contravene our child protection or behaviour policy.
- Mobile phones and devices that have been confiscated will be held in a secure place and released to parents/carers. **They will be held in the school office.**
- Where a concern involves a potentially indecent image or video of a child, staff will respond in line with our child protection policy and will confiscate devices, avoid looking at any content, and refer the incident to the Designated Safeguarding Lead (or deputy) urgently as they will be most appropriate person to respond.

- If there is suspicion that data or files on a child/pupils/student's personal device or mobile phone may be illegal, or may provide evidence relating to a criminal offence, the device will be handed over to the police for further investigation.
- If deemed to be necessary and appropriate, searches of mobile phones or personal devices may be carried out in accordance with our behaviour policy.
- Staff will respond in line with our child protection policy and follow the most appropriate safeguarding response if they find images, data or files on a pupil's electronic device that they reasonably suspect are likely to put a person at risk.
- The Designated Safeguarding Lead (or deputy) will be involved without delay if staff believe a search of a pupil's device has revealed a safeguarding risk.
- In exceptional circumstances and in accordance with our behaviour policy (link) and the DfE 'Searching, Screening and Confiscation' guidance, the headteacher or authorised members of staff may examine or erase data or files if there is a good reason to do so. **Ensure your** policy is in line with the DfE 'Searching, Screening and Confiscation' guidance. The DfE 'Searching, Screening and Confiscation' guidance states (77 – 79)
    - o In determining whether there is a 'good reason' to examine images, data or files, the headteacher or an authorised member of staff will need to reasonably suspect that the images, data or files on the device has been, or could be used, to cause harm, undermine the safe environment of the school and disrupt teaching, or be used to commit an offence.
    - o In determining whether there is a 'good reason' to erase any images, data or files from the device, the member of staff should consider whether the material found may constitute evidence relating to a suspected offence. In those instances, the data or files should not be deleted, and the device must be handed to the police as soon as it is reasonably practicable.
    - o If the data or files are not suspected to be evidence in relation to an offence, the headteacher or an authorised member of staff may delete the images, data or files if the continued existence of the data or file is likely to continue to cause harm to any person and the pupil and/or the parent refuses to delete the data or files themselves.
- If the headteacher or a member of staff finds any data or files that they suspect might constitute a specified offence, they will be delivered to the police as soon as is reasonably practicable.

7. **Visitors' use of mobile and smart technology**

- Parents/carers and visitors, including volunteers and contractors, are expected to ensure that: phones are on silent when in the school building. Phones and devices must not be used around children nor shown to them. Phones and devices should not be used around any child nor should they be used in corridors or classrooms.
- Appropriate signage and information are in place (**list details of how your setting does this, for example, posters, leaflets**) to inform visitors of our expectations for safe and appropriate use of personal devices and mobile phones.

- Visitors, including volunteers and contractors, who are on site for regular or extended periods of time are expected to use mobile and smart technology in accordance with our acceptable use of technology policy and other associated policies, including child protection.
- If visitors require access to mobile and smart technology, for example when working with children as part of multi-agency activity, this will be discussed with the headteacher prior to use being permitted.
  - o Any arrangements regarding agreed visitor access to mobile/smart technology will be documented and recorded by the school. This may include undertaking appropriate risk assessments if necessary.
- Members of staff are expected to challenge visitors if they have concerns about their use of mobile and smart technology and will inform the DSL or headteacher of any breaches of our policy.
